A Staff Member will have a conversation with you about your current living situation, and your options and your resources. Being scheduled for a conversation does not guarantee that housing services will be provided. Once you have been scheduled for a conversation, please bring the following documents:

Documents you MUST bring to the assessment:

3 months of income verification for all household members aged 18+

If so, your information will be added to the Community Placement Roster. When a housing resource becomes available, you will receive a follow up phone call from a Staff Member.

Please be sure to update AP4H on your current contact information and any changes in your situation that may affect your benefits, as this can impact programs for which you may qualify.
