

2020-21 Puyallup Protection Plan - P³ Elementary

Students are responsible for the care of their laptop. This is just like textbooks, uniforms, and other school property. The laptop is an increased cost to the district. District policy requires fines to cover the costs of damaged district property. Laptop repair or replacement can be costly. We know that accidents happen. Due to the increased liability, the school district is offering a voluntary protection plan, known as the P³.

This plan is a way for families to reduce financial risk if a laptop is accidentally damaged. This plan is voluntary.

The Puyallup Protection Plan works this way:

- Parents make a non-refundable payment to their school.
- Accidental damage to the laptop is repaired at no cost.
- The number of repairs per year may be restricted.
- This is an annual plan. You must rejoin each year to remain covered.
- The plan covers the laptop for the current school year only and must be purchased at the time the laptop is issued to the student.

- The laptop charger, digital pen, and protective sleeve are **NOT** covered.
- If these items are lost or damaged, there will be a fine for the replacement cost.
- If the lost or stolen item is found and in good condition, the fine will be refunded.
- Damages due to neglect are not covered.
- Intentional damages are not covered.
- Installation of any unauthorized software, application, or computer program or unauthorized changes to the student device will be considered destruction of property and/or vandalism and may lead to discipline and/or a fine for any repairs.
- If a family leaves the District, they must return the computer. If they do not, they will be fined for the full replacement cost. Standard rules for the restriction of records and transcripts would apply.
