

PUYALLUP SCHOOL DISTRICT
A Tradition of Excellence

Staff Retirees
2014-2015

School Board Recognition
June 15, 2015

Staff Retirees 2014–2015

MARK AGUILAR

Teacher — Wildwood Elementary

30.8 Years

Mark has dedicated all the years of his service in education to one learning community: Wildwood Elementary in the Puyallup School District. He is passionate about his profession and reflects that in the high expectations of his students. Mark is a great advocate for what he passionately believes is best for the students and his colleagues. It is refreshing to watch Mark, as a very seasoned educator, explore with his school team and have the willingness to try unconventional interventions to ensure success for his students. Mark's dedicated and enthusiastic support of the unique Dancing Classroom Program in fifth grade has benefitted his students and other fifth-grade students at Wildwood to learn collaboration and to present one's self with grace and pride through ballroom dancing as its vehicle. Thank you for serving our Puyallup students and their families, Mark.

CINDY ANDERSEN

Teacher — Fruitland Elementary

19.8 Years

Cindy is retiring after 20 years as a teacher. She started working in the Puyallup School District as a Developmental Preschool teacher. Following her preschool experience, she settled in to teach first-grade students for the rest of her career at Fruitland Elementary. After completing a Masters of Education degree in literacy, Cindy has always enjoyed sharing books and teaching reading to young students. Throughout her teaching career, she has been an advocate for the success of each child. Before Cindy was a teacher at Fruitland, her own children attended the school, so she has supported Fruitland both as a volunteer and a teacher for many years. She is looking forward to spending more time with her family and traveling. The Fruitland staff congratulates Cindy on her retirement and new adventures.

LARRY BEYER

Teacher — Ballou Junior High

34.8 Years

Larry has devoted nearly his entire career to the Puyallup School District. During his first few years in education he taught in Bend, Oregon before moving to Puyallup where he taught at both Maplewood and Ridgecrest elementary schools. Larry's last 23 years were spent teaching students math at Ballou Junior High. For the past 35 years, Larry has touched thousands of students' lives. He has not only taught students math skills, but he also taught students how to be hard-working, respectful young adults. Larry's high quality of work and his passion for teaching students will surely be missed. In retirement, Larry will be spending quality time with his parents and his six grandchildren. He will also enjoy woodworking and gardening.

Staff Retirees 2014–2015

SHARON BRUMBAUGH

Teacher — Woodland Elementary

8.8 Years

Sharon's dedication to students can be seen through 29 years of teaching, the last nine years of which were at Woodland Elementary. She was recently awarded Advocate of the Year by the Woodland Parent Teacher Organization. Over her career at many schools, Sharon has balanced academic instruction with a love of the arts. The last five years she has been the general music teacher at Woodland. A highlight of her career was taking the Woodland Select Choir to sing the National Anthem at a Mariner's game in the spring of 2014. It was a proud moment for Sharon, the choir, and all Woodland Eagles to see the choir on the jumbo Tron! Sharon credits her experiences as a student, wife, mother, preschool teacher, daycare worker, paraeducator, substitute, and full-time teacher in making her the person she is today. She will continue to advocate for teachers in her retirement by supporting schools.

HELEN CARLISLE

Bus Driver — Transportation

24.3 Years

Helen's career with the Puyallup School District began in January 1990 as a substitute bus aide. As an aide, Helen assisted special needs student during their bus rides to and from school. A year or so later, she transitioned from a bus aide to a regular bus driver in March 1991. Helen spent the next 20 plus years transporting and meeting the needs of students in her care. A heartfelt thank you for your many years of service to our students, district and community. Helen, best wishes in your retirement.

XUANHAI CARMICHAEL

Network Systems Analyst — Information Technology Center

27.5 Years

As a young widow, Xuanhai came to the United States in 1975 as a refugee from Vietnam, along with her two-year old son and her grade school-aged sister. She earned her Bachelor's Degree (cum laude) in Computer Science at Pacific Lutheran University and later joined the Puyallup School District supporting its Pentamation Student Records System. Since then she has had many different roles in technology, oversaw multiple conversions of systems, and has supported many of the district's key technology systems, including IEP Online, eTritition, Transfinder, and others. Everyone enjoys working and talking with Xuanhai. She is quiet but friendly and very interesting. We will miss her very much.

Staff Retirees 2014–2015

DORIS CHRISTIANSEN

Paraeducator — Stewart Elementary

17.3 Years

Doris has worked in the Puyallup School District for 17 years at the elementary level. She has held a variety of positions in both general and special education; however, the majority of her career has been with developmental preschool. Doris is a true team player — she frequently contributes to team planning and brainstorms ways to best meet the needs of all students. She is positive and friendly, a model for all. Doris loves her job and strives to make a difference in the lives of children. One more thing to know, Doris does not care for receiving accolades for her job, for it is the daily interactions that are her greatest accomplishment. Doris will be missed, and we wish her the very best as she begins a new chapter in life — retirement.

DEBRA CUNNINGHAM

Teacher — Zeiger Elementary

18.8 Years

Debi has been touching the lives of students for the past 19 years. Her warm smile and calm, caring demeanor is welcomed by students, parents, and staff. She has the ability to brighten everyone's day with a kind word or comforting hug. Debi is a tireless educator who ensures that her students are learning to the best of their abilities. Even with the years of experience she has had, Debi continues to grow and has proven her belief that one can always learn and grow as an educator. She spends countless hours preparing for her students. I've had the privilege of working with her the past four years, and she has shown me what it means to be a lifelong learner. Debi has a servant's heart, and she has truly enriched and impacted the lives of hundreds of students. Her warm smile and loving disposition will be missed at Zeiger. Thank you for all of the years that you've dedicated to all. We will miss you!

LYNDELL DITTUS

Teacher — Emerald Ridge High School

34.8 Years

Dell has spent a majority of his teaching career here in the Puyallup School District. He started in Puyallup in 1980 teaching driver's education. His philosophy is to set high expectations for not only his students but his peers, the coaches he oversees, and the athletes in our building. He is "The Voice" of Emerald Ridge with thundering command of every venue and setting the stage for assemblies, games, and graduation ceremonies too numerous to count. He has been the recipient of many honors and awards: WSSAAA AD Service Award 2015, WCD Meritorious Service Award 2015, and even being nominated into the Athletic Hall of Fame, George Fox College 2003. His presence, smile, laugh, and standard of expectation will leave a huge hole in the fabric of Emerald Ridge.

Staff Retirees 2014–2015

LINDA EGELAND

Paraeducator — Waller, Fruitland, and Meeker Elementary Schools

30.4 Years

Linda began her career volunteering in the Puyallup School District. One program “Including Me” helped children with disabilities mainstream into regular classrooms. She also volunteered at Waller Road Elementary for the “Picture Person Art Awareness Program.” In 1987 and 1998 Linda was honored with the Golden Acorn Award for her volunteer work at Waller Road and Karshner elementary schools. Linda worked as a playground supervisor at Waller Road for a number of years until she was officially hired in 1985. During her 30 years of employment in the Puyallup School District Linda has worked as a Special Education paraeducator, preschool assistant, Title I paraeducator, and ELL instructional assistant. Teaching children is her passion, and she has done a great job working here at Waller Road. She is dedicated to her work, and she will be truly missed. Her retirement plans include volunteering at Waller Road and traveling with her husband.

VICKI EGELAND

Paraeducator — Wildwood Elementary

19 Years

Vicki has served the students and their families at Wildwood Park Elementary for nearly two decades. Her legacy at Wildwood that goes beyond the school community is teaching our students to be of service and to be of comfort to other communities. In addition to serving as a paraeducator in our Title I/LAP programs, her impact also includes teaching our student leaders to model to their peers to be selfless with their talents and time through multiple and annual community service projects. She has been instrumental in leading school efforts in multiple clothing, toy, and food drives. Vicki’s legacy for fostering community service projects will continue on. Thank you for serving our Puyallup students and their families, Vicki.

RON ELLIS

Bus Driver — Transportation

7.8 Years

Ron was hired as a bus driver in September 2007. During his years as a driver, he was consistently early to work and maintained perfect attendance each year. Ron enjoyed his job and was appreciated by his students as captured in a note from one of his riders. “Sir, thank you this year for driving us home after school. Although it is your job, you do it very well. I appreciate the way you handle every situation on the bus. I always know that my bus ride home will be safe and enjoyable. Thank you for your dedication in your job. Anyone can drive a car. It takes someone special to drive a school bus. Thank You!” What a fitting and rewarding way to end a bus driving career. Ron, thank you for your commitment and services rendered.

Staff Retirees 2014–2015

REBECCA ERICSON-BROWN

Counselor — Northwood and Shaw Road Elementary Schools

16.8 Years

The Northwood and Shaw Road elementary staffs have had the pleasure of working with Becky for several years as our beloved counselor, colleague, and friend. She is positive, kind, and always has the best interests of our students. Becky has served in the Puyallup School District for the last 17 years at Shaw Road, Wildwood, and Northwood elementary schools as a school counselor and as a behavior specialist. In addition, she worked for the Clover Park School District as a counselor at the junior high level and as a French teacher at Charles Wright Middle School. Our schools and families have benefitted tremendously from Becky's work. Her shoes will definitely be very difficult to fill. Congratulations to Becky on her retirement! We are going to miss her smiling face and warm heart!

ELIZABETH GARRETT

Teacher — Zeiger Elementary

26.8 Years

It is a bittersweet occasion as Beth retires from Zeiger Elementary and the Puyallup School District. She has been a leader in education for the past 27 years. I have worked with Beth for the past four years, and I have had the opportunity to watch her create lasting, positive memories for her students. Beth has demonstrated a steadfast commitment to help each of her students overcome challenges and learn at higher levels than they thought possible. Beth has an intuition that enables her to spot a child who is struggling and is able to say and do the right thing at the right time. Her students will remember Mrs. Garrett most for her genuine compassion for each of them. For the past two decades she has enhanced the lives she has touched in every building and in every classroom. She is an Explorer who will truly be missed. Thank you for all of the years that you've dedicated to students and the kindness you have demonstrated to all. We will miss you!

DANIEL GAY

Technician — Information Technology Center

15.4 Years

Daniel was often the last chance for failing technology items; if he couldn't fix them, they couldn't be fixed. He was the sole technician for overhead projectors from some of our earliest models until recent days. He also took care of all the district's printers and any computers that had hardware failures. We will certainly miss his sense of humor, along with his expertise, knowledge, skill, and his will to get the job done.

Staff Retirees 2014–2015

DONNIE GRAHAM

Custodial Operations Supervisor — Operations

28.8 Years

Donnie started work with the Puyallup School District in 1986 as a substitute custodian and moved on to many roles working for the district during the last 29 years. Donnie has been a custodian, Facilities Operation Manager, Operations Supervisor, and Interim Director. Quite simply, Donnie's done it all. Among her many accomplishments was opening Emerald Ridge High School as the district's first female Facilities Operations Manager at a high school. Donnie possesses many valuable traits, but most of all she cares about people and knows exactly the right thing to say at the right time. Donnie's sense of humor and immense knowledge will be missed by many. In retirement, Donnie plans to spend time with her grandkids, travel, do tons of yard work, and go fishing.

CYNTHIA GRAY

Secondary Cook Manager — Food and Nutrition Services

16.6 Years

Cindy started working in food services as an assistant server at Northwood Elementary in 1998. She moved up the Food and Nutrition Services ladder to Edgemont Junior High as a kitchen helper, then cashier, and finally, kitchen manager. We're very sad to see her go. She is always willing to help out other schools by filling in as a back-up manager when we're short-handed. She enjoys the students and staff at Edgemont and leaves big shoes to fill! We wish her luck in her next adventure in Nevada!

SUSAN GRONHOVD

Teacher — Ridgecrest Elementary

23.8 Years

Sue's path to becoming an educator started when she was 21 years old. Her first job was in Tacoma at Holy Rosary where she taught for three years. She left to teach at Chief Leschi, which at the time was newly built. She taught there for two years. A devoted parent and a deeply caring individual, Sue took some time off to focus on being a mother for 13 years. She returned to the profession when her children were in fourth and fifth grades. She has been at Ridgecrest Elementary for 23 years, where she started as a developmental preschool teacher. Sue remembers the day before school began. She and a teaching partner found some students' tricycles. She could not help herself. She jumped on the tricycles and rode them down the school hallway. Sue explains that she will never forget that experience because the principal at the time, Brian Lewis, had stopped her and asked her to get off the tricycle. She was sure that she was going to get in trouble. Instead, he took the tricycle and rode it down the hall. Sue has many memories of Ridgecrest — the students, student teachers she has trained, and staff she has impacted. Sue's team shares how dedicated, caring, and loving Sue is to her students, colleagues, and the community. Sue's compassionate nature is echoed by the school office manager who recalls when her own stepfather had died, Sue decided that she was going to be supportive by driving all the way down to Oregon to attend the funeral. This gesture and many more like this that Sue has done for others has built a strong friendship among her and the rest of the Ridgecrest staff. Sue has made life-long impacts on countless children in her career, and she will be held in the hearts of many as they progress to their life goals. Thank you Sue, for your relentless supportive and cultivated work for students.

Staff Retirees 2014–2015

PATRICIA GRUVER

Teacher — Hunt Elementary

13.8 Years

Patty became an educator because she has always loved school. She began teaching fourth grade back in 1976 in Vancouver, Washington, and then moved to Tacoma shortly after. From 1980 to 2001, Patty took time off to focus on being a mother. She returned to teaching as a substitute at Ridgecrest Elementary where she was fostered for most of her career as a fourth-grade teacher. As blessings would have it, Patty landed at Hunt Elementary joining the Title I/LAP team. This proved to be her favorite assignment. She looks back and smiles on her fondest memories of students calling her “mom,” and the more recent memories of students calling her “grandma.” This reminds her of how important she is to so many students. She draws strength from the accomplishments of her students who start with learning gaps and end with reading skills at or above grade level. Her bittersweet moments include when students did so well that they were able to test out of the program by spring. A nurturing, altruistic educator, Patty Gruver has relentlessly supported and cultivated student learning. Patty would be the first to tell you that every day is an adventure, and that is how she will continue to live her life on the road of retirement.

CAROL HALEY

Paraeducator — ELL — Special Services

31 Years

Carol’s impact as an educator working with ELL students is beyond measure. For frightened students and families just learning to navigate the English language, a friendly smile is priceless. Carol’s humor and warmth made it easy for her to build relationships with her students, families, and staffs. Even though she traveled from building to building, she made time to connect with staff about her students. She sought strategies and ideas to best serve her students as they acquire English language. During her 31 years of service, she touched countless lives. Her bright smile and bubbly personality will be missed by all.

KATHLEEN HALL

Assistant Server — Stewart Elementary

3.6 Years

Kathy worked at Stewart Elementary the entire time she was with us. She was well liked by students and staff and was a contributing member of the kitchen team. She had a lot of fun celebrating Mariners days in the kitchen and was happy to participate with any promotions. She’s excited to be heading to Virginia via Arizona when she’s done here!

Staff Retirees 2014–2015

RANDY HAMILTON

Driver — Logistics Support Center

7.1 Years

Randy began his career with the Puyallup School District in 2008 as a warehouse driver. He was always very pleasant and willing to help out anyone. He was known by his trademark mustache and kind smile. His continual cheerfulness and desire to go the extra mile is already greatly missed at the Logistics Support Center and around the district.

SUSAN HAMILTON

Bus Driver —Transportation

27 Years

Sue began her 27-year career in February 1987 as a substitute bus driver. In September of the same year, she was hired as a regular driver. From that point forward, Sue predominantly drove buses primarily transporting deaf and hard-of-hearing students and behavioral students. Sue was very passionate about her students and ensuring their needs were met. She was also a team player and willing to help whenever needed. Thank you Sue, for your many years of service to students and commitment to help. We wish you well in retirement as you start a new chapter of life.

CHERYLE HAMMOND

Paraeducator — Ballou Junior High

24.8 Years

Cheri has touched students' lives for almost 25 years. She retired in December, and since then everyone at Ballou Junior High has missed her tremendously. Her positive outlook is contagious. Cheri has a can-do attitude; always helping out when needed. She is a great team player. Cheri served as a resource paraeducator at Ballou, as well as a support center paraeducator. Her patience, positive attitude, and love for the students showed through on a daily basis. Cheri truly cared about each student she assisted. We are thankful that Cheri Hammond was able to spend such quality time in the Puyallup School District.

TERRY HEITZ

Office Manager — Food and Nutrition Services

35.2 Years

Terry started her career in November 1978 as a substitute kitchen helper. She was hired permanently as lead server at Sunrise Elementary in 1980, and then moved on to Ferrucci Junior High and Ballou Junior High before becoming the Food and Nutrition Services office manager in the 1986-87 school year. She never looked back. In 1997, Terry was instrumental in helping to plan and open the district's new food service administrative offices at the new Central Kitchen site. Terry's exceptional attention to detail, broad experience, organizational strengths, personal work ethic, and commitment to Puyallup schools has made her an icon in the food and nutrition services department. Her presence and contributions to the Puyallup School District will live on for many years after her retirement.

Staff Retirees 2014–2015

CHRISTINE HUMPHREYS

Teacher — Edgerton Elementary School

20.8 Years

Christine is an educator with genuine passion for her chosen profession. Growing up the eldest daughter of 10 children, Chris has fond memories teaching her younger siblings. She followed her love of teaching into making a lifelong career as an educator. She began her career at Ft. Zumwalt School District in O’Fallon, Missouri, where she taught in the intermediate grade levels for 20 years. When her family relocated to Washington, Chris intentionally chose the Puyallup School District to continue her career. She has taught at Woodland, Wildwood, and Hilltop elementary schools. She has served in the learning department as a support specialist and as building learning specialist. Since 2007, Chris has been part of the fifth- and sixth-grade teams at Edgerton Elementary. Her kindness, passion for learning, and personal connections have made a positive difference in the lives of students for a lifetime! Chris is excited for the future and plans to pursue many of her interests in the arts, language, and literature, of course. She will be missed in the Puyallup School District!

CAROL JOHNSON

Teacher — Fruitland Elementary

25.4 Years

Carol began her teaching career at White River Elementary where she worked for nine years. She then was hired to teach in Puyallup at Riverside Elementary for 12 years. Her final school assignment has been at Fruitland Elementary where she has helped children learn for 14 years. Mrs. Johnson is known for her caring heart. She believes that students don’t care how much you know as a teacher until they know how much you care about them. She has also enjoyed working with her colleagues, students, and their families. Carol is grateful for all the wonderful people who have left footprints on her heart forever! Plans have already been made to celebrate Carol’s retirement with trips to Disneyland and Mexico. She looks forward to traveling and spending more time with her family and friends. Over the years, Carol has always appreciated the support of her husband, Richard. The Fruitland staff wishes Carol the very best in her retirement.

NICOLET JOHNSON

Teacher — Ferrucci Junior High

26.7 Years

When speaking of Nicci, the word Renaissance comes to mind. Ms. Johnson has a Bachelor of Science degree in statistics from the University of California, Riverside with a focus on computer programming — this after working for two years prior as a physics major. After college she worked for a large utility company in San Francisco doing programming and economic/statistical analysis. Between this and her time spent teaching, she worked on a Montana cattle ranch and was owner/operator of a small craft business which participated in larger craft shows here in the Puget Sound area. Through volunteer work she called upon her science background and taught science lessons at her daughter’s schools, which sparked an interest in teaching. After substituting she began teaching fifth grade at Pope Elementary, where she taught for 10 years, while earning a master’s degree in teaching with a focus in instructional technology. After Pope she taught for 11 years at Ferrucci Junior High, where she has taught both science and art. She has been deeply involved in the running of the district science fair and all the efforts to put on the event at the annual Spring Fair. In retirement she plans to travel, work in her beautiful yard, and immerse herself in her crafts, — especially jewelry making.

Staff Retirees 2014–2015

LINDA KALMBACH

Bus Driver — Transportation

31 Years

Linda came to the Puyallup School District as an already licensed bus driver from another state. However, she started over with the district as a substitute bus driver in April 1984. Four months later, she was hired as a regular bus driver. During her 30 years of service, Linda had the privilege of driving some of our more challenging buses on some rather challenging roads. Linda recently earned the distinguished honor of becoming one of the district's first ever bus drivers to win first place at the State Road-wo school bus competition in 2012-13. As the state winner, she went on to compete at the National Road-wo school bus competition and earned second place. What an awesome way to end a long career. Congratulations Linda, and best wishes!

CLAUDIA KNAUSS

Counselor — Woodland Elementary

26.8 Years

Claudia's career is reflected in the comprehensive guidance and counseling programs she has led at eight elementary schools: Stewart, Spinning, Brouillet, Carson, Wildwood, Meeker, Waller Road, and Woodland. Her most recent 14 years have been served at Woodland, where she coordinated the Student Success and 504 Plan teams and McKinney-Vento services for homeless students. Providing individual and small group counseling, Claudia taught proactive life skills such as self-esteem and friendship building, coping with loss, and adjusting to family transitions. Her passion for developing a heart for community service in children was demonstrated by her organization of extensive service projects (Food Drives, Giving Tree and March Gladness). These provided every student an opportunity for "hands on" involvement in local and global projects. Another highlight of Claudia's career involved traveling to Alaska to participate in the educator's course for Iditarod 2013: The Last Great Race on Earth. Through this involvement, Claudia orchestrated a Skype learning experience between Woodland fourth-grade students and her musher, fulfilling her objective of teaching students the value of pursuing their dreams. She has worked to support Puyallup families for nearly three decades, connecting parents to a wide range of resources including housing, utilities, parenting skills classes, and community-based counselors. In retirement, Claudia looks forward to spending more time with husband Maxwell, her children, and grandchildren. She plans to add river boats to their prior experiences with ocean cruising and trying "flyball" with her Cavapoo, Jacob.

Staff Retirees 2014–2015

ELIZABETH KNOX

**Assistant Director Title I/Learning Assistance Program — Special Services
13 Years**

Liz has a long history as an instructional leader and is one of those very unique individuals who leaves a footprint, a legacy as you will.....She has spent the past 13 years of her educational career here in Puyallup serving as the principal of Spinning, Maplewood, and Edgerton elementary schools with these past three years serving as Director of Title I and LAP. She received her bachelor's degree from Evergreen, her master's degree from Washington State University and her principal certification from Central Washington State University along with being Nationally Board Certified. Prior to working in Puyallup, she served in the Auburn School District for 15 years as a teacher, reading specialist, and principal. She also spent 4 years in Japan teaching at the America Schools. Liz possesses a skillset that has been invaluable to her students, peers, as well as a great resource to our district. In her spare time she is a volunteer for Chase Gardens, a fiddle student, a Kiwanis member, and an outdoor enthusiast. Liz is headed to Bogota, Columbia to become a principal for the International Schools where she will be for the next two years with her husband, Jim. She will be greatly missed and we wish her only the very best on this new adventure!

JAMES KNOX

**Applications Analyst — Information Technology Center
22.4 Years**

Jim came to the Puyallup School District in 1992 from the Washington School Information Processing Cooperative, where he had developed fiscal software for schools. He was hired to support that software here, and his support included numerous departments, including Accounting, Budget, Purchasing, Payroll, Human Resources, Facilities, Transportation, Food Services, and Warehouse. He has supported several conversions and major upgrades of our financial systems including the current system, BusinessPLUS. In recent years, his major emphasis has been on maintaining system and user security and on developing or maintaining management reports for various business offices. Jim has helped many of us understand why certain things are the way they are because he has kept a good record of our history. His friendly, outgoing personality has endeared him to all, and we wish him the best on his new adventures with his wife, Liz.

PETER KOVALENKO

**Bus Driver — Transportation
8.8 Years**

Pete became a Puyallup School District employee in July 2005 as a substitute bus driver. One year later in September 2006, he was hired as a regular bus driver. Pete spent the majority of his eight years as a bus driver transporting students with special needs. He was very thoughtful and considerate of his students' needs. Student safety was a key motivation for Pete. He would see students in potentially unsafe situations and would bring the concern to staffs' attention along with a proposed solution. Now that he's retiring, Pete will have more time to do some of the other things he thoroughly enjoys — fishing, hunting, clam digging, and all things outdoors. Thank you Pete, for your years of service to our students and the district. Congratulations on your retirement, and we wish you the very best.

Staff Retirees 2014–2015

RONALD KUHNE

Bus Driver — Transportation

13.1 Years

Ron began his bus driving career with the Puyallup School District in November 2001 as a substitute bus driver. Three years later, he was hired as a regular driver in August 2004. We are very appreciative of Ron's 13 years of service. In his heart, he was not ready to retire, but circumstances said otherwise. Ron says he will now sit back and enjoy life intermixed with a few strategically placed car shows. Ron, congratulations, and thank you for your years of service.

MARGARET LANGSTON

Teacher — Stahl Junior High

22.8 Years

Margaret, a phenomenal teacher at Stahl Junior High, has been employed in the Puyallup School District for 39 years. Also, she has been teaching at Stahl for a total of 19 years. She is one of Stahl's original staff members and has played an integral part in the opening of Stahl in 1993. She has served the entire staff in many capacities and the Puyallup School District as a PEA Representative and PEA President. According to one of her colleagues, Ms. Stefani Fersch, "Margaret has a passion for art, and her passion is contagious. She is able to connect with students, and they produce amazing work. Many of her students who enter contests emerge as winners." Margaret is dedicated, caring, and compassionate. She is a student advocate, and she rallies behind and has supported children her entire life as an educator. She is a champion for children's individuality through art. She has been one of the main organizers for the building in representing Stahl in the Honoring Cultures Diversity Fair for the Puyallup School District. When Margaret is asked to assist or do a major project, she usually says, "No worries." You know you can count on her. It will be done to perfection. She is able to think of the details and is able to see the big picture. Margaret is highly respected and loved by students, parents, and staff. She holds the highest standards of honesty and integrity. Thank you, Margaret for your dedication, your professionalism, and your creative spirit as a teacher. As Chuck Maiuri, a colleague of Margaret for over 22 years, voices our sentiments, "It's been a privilege to know and work with Margaret for all these years. She will be missed by all."

Staff Retirees 2014–2015

LINDA LARSON

Teacher — Mt View Elementary

30.8 Years

Linda is happily and deservedly entering retirement after 36 years as a teacher and as a difference maker. Linda is a 1974 graduate of the University of Washington and started teaching in Renton in 1974. Beginning in 1979, Linda stayed home to raise her family and then came to the Puyallup School District in 1984, 31 years ago. Excelling in a number of different positions, Linda has been a teacher, math coach, and assessment coordinator at Pope, Zeiger, Hilltop, Fruitland, Woodland, and Mt. View Elementary Schools. For the last eight years, Linda has been teaching at Mt. View. Additionally, Linda is a qualified trainer for math, reading, and writing curriculums, and the Common Core State Standards. Linda was selected by Washington state to be an item writer for the elementary math SBAC test. Her presence and influence at Mt. View will be missed. For years, Linda has been our split class teacher, looping up with a fantastic group of students. Linda has also been our outstanding assessment coordinator, during a time when test coordination can be a full-time job all by itself. Linda and her husband, Jeff, plan to completely enjoy retirement, spending time relaxing, enjoying time with family, and playing with their seven grandchildren. Additionally, Linda plans to substitute at Edgemont Junior High School. Linda, you will be missed. You deserve the best, and on behalf of the greater Mountain View and Puyallup communities, I thank you for your service to our children!

KEVIN LINDSAY

Custodian — Sunrise Elementary

33.4 Years

Kevin started as a substitute custodian with the district in 1981 before hiring on permanently in May 1982. Over the past 34 years Kevin has been a custodian, the last 29 of which were spent as a Facility Operations Manager. Kevin is funny, is hard-working, and possesses a wealth of knowledge about our district and Sunrise Elementary in particular. Kevin is a team player who cares about people and enjoys working hand-in-hand with school staff to support students. His positive can-do attitude touched many staff, parents, and students over his three-and-a-half decade tenure with our district. Kevin plans to continue working for the state fair and become more active with First and Goal. Kevin will be missed by many.

CHARLES MAIURI

Teacher — Stahl Junior High

35.8 Years

I have had the privilege of knowing Chuck as a peer and as an administrator. As a first-year teacher I sat back and watched Chuck with a curiosity. He always seemed to be so gruff or stern. However when students would talk about him and their time in his class, they would always have nothing but positive things to say. What I learned was he was firm, fair, and above all concerned about their safety. In all of his time working with students and the power equipment, he never lost a limb, finger, or eye. In my time as an administrator I have observed more students come back to check in with Mr. Maiuri than any other staff member. Chuck has had such an impact on students that several of them have moved on to being CTE Teachers themselves. Last year's CTE Teacher of the year was heard saying that Mr. Maiuri was one of the most inspirational influences in his decision to becoming a CTE Teacher.

Staff Retirees 2014–2015

SUSAN NEIL

Teacher — Hunt Elementary

26.8 Years

Susan knows the scoop — or she knows someone who does — especially when it relates to the history of Hunt Elementary. While she started her career teaching sixth grade at the “old” Woodland Elementary site, she went on to teach fourth grade at Pope Elementary and finally made Hunt her home 1990, where she has been ever since. Mrs. Neil recalls team teaching with one of her former 1990 students, Molly Perrine, as a high point in her career. By her own account, her biggest success as an educator was when she had a student named Mimi who came from the Philippines. This child was unable to read much of anything when Mrs. Neil first met her in September of that year. But by December, she helped instill a voracious appetite for the written word in that young lady, as evidenced by Mimi’s completion of “Little Women” that very month. This student went on to graduate from the University of Washington and is a champion for women’s rights. Susan is proud that her teaching legacy continues to carry on by her son, James, who is an administrator in the Tacoma School District.

DOLORA NEUMAIER

Nurse — Carson and Fruitland Elementary Schools

17.6 Years

Dolora graduated with a Bachelor of Science degree in Nursing from the University of Michigan in 1974. Her first nursing job was at Mott Children’s Hospital in Ann Arbor, Michigan. She spent a short time in Sydney, Australia working as an operating nurse. Upon returning from Australia, Dolora moved to Washington state and worked for 16 years for the Tacoma-Pierce County Health Department in the areas of home health, maternal child health, family planning, maternity support services, and adolescent health programs. She joined the school nurses in Puyallup School District in 1997 where she was assigned to Wildwood and Brouillet elementary schools for over 10 years. Dolora volunteered to help open Carson Elementary when it was built eight years ago. She has also worked at Spinning and Fruitland elementary schools. Plans for retirement include learning to play the piano, scrapbooking, reading, and needlework. Her daughter works as a social studies and history teacher in a high school in the Bronx. There are plans to visit her daughter, as well as taking a driving trip with her sister from Anchorage, Alaska to Nashville, TN. When she returns from her travels, Dolora plans to volunteer her services at Mary Bridge Children’s Hospital.

Staff Retirees 2014–2015

CONCHITA OLIVER-MOORE

Assistant Principal — Stahl Junior High

12.9 Years

Conchita has been in my administrative life since day one. I've learned so much from her over the years. The one thing I still question her about is why retirement now? Her energy, efficiency, and drive are as good as I've seen. She is absolutely just taking care of business. Sure I understand that I'm being a little selfish, but like all of you I hate to see the good ones get away. The thing that we are going to miss most at Stahl is Conchita's passion for students. It didn't matter if she was working on discipline, addressing the Students of the Quarter crowd, or trying to inspire failing students to do their best, she did it with passion. As students and staff left her office for various reasons, they knew she cared about them and their well-being. Another thing I will miss about Conchita is her voice of reason. I've often heard her say, "Troy are you sure about that? What do you think about this?" That was code for you better step back and re-examine the situation. Mrs. Moore, I know you are going to have a great time in retirement. Job one is reconnecting with your husband, daughters, and grandchildren even if you don't get to go to France to make it happen. The second thing is getting to see as much live WWF wrestling as possible. The third thing is to continue to do all that you want with the passion you used at work every day. Thanks so much for being a great colleague and an even better friend.

LAUREN ORHEIM

Principal — Fruitland Elementary

38.8 Years

Laurie came to the Puyallup School District in 1976 teaching third-grade students at both Sunrise and Ridgecrest elementary schools until 1983. In the years that followed, Laurie served as a building principal at Riverside, Karshner, and Ridgecrest elementary schools. For the past eight years, Laurie has worked with students, parents, staff, and community as the proud principal at Fruitland Elementary. It is clear to each of the Fruitland stakeholders that Ms. Orheim puts the needs of kids first and clearly believes that the children are the best part of her job. Ms. Orheim shares that "nothing is better than a little smile or caring note from a child." She is tireless in her efforts to increase student learning for each and every kiddo. Laurie has high expectations of students, teachers, and herself AND these expectations are met because she is willing and able to provide support above and beyond what would normally be required. She clearly loves working with educators who are passionate, caring, and committed to making a positive learning difference in the lives of our students. Ms. Orheim has been a role model in professionalism, work ethic, and compassion for the staff and students of Fruitland, Ridgecrest, Karshner, Riverside, and Sunrise elementary schools, and for the Puyallup School District. Laurie is looking forward to enjoying additional time and adventures with her family and friends, traveling internationally with her husband, volunteering in the community, and continuing to research family history. Laurie, it was our privilege to work with you, and you will be missed tremendously.

Staff Retirees 2014–2015

KEVIN POTASKY

Teacher — Stahl Junior High

34.8 Years

Kevin is a fantastic teacher — a teacher who is respected and loved by his students, parents, and staff, Kevin has been teaching in the Puyallup School District for 35 years and has been teaching at Stahl Junior High School for two years. He is a man of high character and passion. He holds the highest standards of honesty, integrity, and professionalism. According to Scott Larue, a colleague who has known Kevin for 20 years, “Hundreds of students have benefited over the years by having Kevin as their teacher. He believes each student can learn, but he understands that comes in different ways. I have become a better teacher and person over the years by working with him.” Another colleague, Barbara Weir, says, “I have known Kevin for 20 years. During that time he has been a colleague, a teammate, a neighbor across the hall, a confidant, and a friend. Kevin has given me support when I needed it, and help when I had a favor to ask. He’s ‘had my back’ over the years, and I will miss him.” Mrs. Kim Petty says, “I had the pleasure to work with Kevin at Shaw Road Elementary for 21 years. He routinely put countless hours into broadcast journalism so students and staff alike could read about and watch the goings on of our school as presented by our sixth graders. He was passionate about the students he worked with, as well as a great role model for them. Kevin touched many lives in those he taught, as well as co-workers who were fortunate enough to get to work with him.” Kevin has made many personal sacrifices for students even at times putting his students ahead of his family. Many of his friends and students will always thank and appreciate what he has done for them. Potasky is one of a kind. Kevin, continue being the great man you are. We will truly miss you.

DON ROLLINS

Transportation — Bus Driver

14.8 Years

Don began his bus driving career as a substitute bus driver in September 1998 and was hired as a regular bus driver two years later in May 2000. Don’s positive attitude and flexibility were some of his key attributes that enabled him to work well with his students and parents. He was always willing to help and didn’t mind taking extra trips. Don really enjoyed his job to the extent that it was difficult for him to make the decision to retire. Now that the decision is made, he has lots of fun excursions awaiting him — European cruises, spending time at his summer house, quality time with family — and the list goes on. Don, thank for your 14 years of service and your willingness to always help when needed. Congratulations and enjoy your retirement.

LINDA ROLLINS

Lead Server — Karshner and Fruitland Elementary Schools

12.7 Years

Linda has been with the Puyallup School District almost 13 years. All of her years were spent at Fruitland Elementary where she has been a food server. She also added the breakfast program at Karshner Elementary to her duties a few years back. She clearly enjoys the students and knows most, if not all of them, by name. Linda has demonstrated her school spirit and fun side by wearing outfits to fit special school events. She dyed her hair blue and green to celebrate the Seahawks! Linda has been a dedicated employee. Plans have already been made to celebrate Linda’s retirement. Her family is going on a Baltic cruise. Most of her free time will be spent relaxing at her lake home in Olympia. We wholeheartedly thank Linda for her service over the years.

Staff Retirees 2014–2015

DANNIE SAUNDERS

Custodian — Kalles Junior High

9.2 Years

One of six siblings, Dannie started working right away as a little girl picking strawberries. She had many jobs in her career, and for nearly the last decade Dannie served as a custodian at Kalles Junior High. Dannie is very dependable with a great sense of humor and always went the extra mile to do her job well. In retirement, Dannie plans to travel and spend time with her six stepchildren, 23 grandkids and four great-grandkids. Dannie will be missed by many.

CINDY SCHILL

Transportation Specialist — Transportation

31 Years

Cindy began her career with the Puyallup School District in September 1982 as a bus attendant for students with special needs. In January 1984, she was hired as a regular bus driver. For the next 19 years or so, Cindy drove both large and small buses, but primarily drove small buses for students with special needs. In November 2003, Cindy applied for and was hired as an Assistant Dispatcher and remained as such until November 2013 when her title changed from Assistant Dispatcher to Transportation Specialist. Some of Cindy's responsibilities included managing routes for 30 buses, routing McKinney-Vento students, and scheduling athletic field trips. One of Cindy's demonstrated strengths was her customer service skills in interacting with parents and the community. Cindy, congratulations on your retirement and thank you for your 31 years of service. You and your 'snorting' laughter will be missed.

CINDY SIMMONS

Bus Driver — Transportation

9.6 Years

Cindy became an employee with the Puyallup School District in November 2004 as a substitute driver. Ten months later she was hired as a regular driver in September 2005. We appreciate the nine-plus years of service Cindy gave to the district serving our students and community. Cindy is looking forward to spending more quality time with her now retired husband, their dogs, and especially her quadruplet grandchildren. We wish Cindy the very best in her retirement.

Staff Retirees 2014–2015

MAUREEN SINCLAIR

Teacher — Ferrucci Junior High

31.7 Years

For 39 years, Maureen shared her love of writing and literature with students up and down the West Coast. After graduating from Fresno State University with a degree in English and Social Studies, she began her teaching career at Merced High School in Merced, California where she taught for one year prior to moving on to LaLoma Junior High in Modesto, California for five and a half years. Upon moving to Puyallup, Maureen was hired at the newest junior high school, Ferrucci, where she has taught for the past 32 years. Aside from English, Mrs. Sinclair taught Latin and Social Studies, but her first love was English. On top of her teaching responsibilities, Mrs. Sinclair can frequently be seen timing cross country and track meets, running the clock at basketball games, helping at football, serving as Department Chair for the English department, and organizing the ninth-grade dance for Ferrucci. While in Washington, Mrs. Sinclair received a master's degree in Curriculum and Instruction from Seattle Pacific University. She and her husband, Steve, have raised one daughter and are looking forward to the opportunity to travel during retirement.

RICHARD SMITH

Custodian — Kalles Junior High

8.9 Years

For nearly a decade, Richard has been a custodian at Kalles Junior High. Richard is a model of consistency and dependability, rarely ever missing work. To ensure students have a safe and clean learning environment, Richard bends over backwards to make sure things are done on time and the right way. He has always done everything anyone asks of him. In his retirement, Richard plans to spend time with his six grandkids, as well as more time drag-racing and working on cars out of his garage. Richard will be missed by many.

GLENDA SPRAY

Teacher — Sunrise Elementary

20.8 Years

When Glenda sings the Wheels on the Bus with her first graders, it's not just about the school bus. What she is really thinking about is how much she enjoys seeing the wheels turn as they learn a new skill and understand a new concept she's taught. When we think about 'lights going on,' you can't help but know it from a first grader! Glenda's love for our youngest and teaching them how to read is one of her greatest joys and will be one of her fondest memories of her work. Glenda leaves behind a legacy through the ongoing relationships she's developed with students and families over the years both here at Sunrise and previously at Wildwood where she taught kindergarten. Having students return year after year to see their teacher who opened the doors to learning will continue to be something Glenda will enjoy as she encounters families in our community. It won't be the same at Sunrise as her smile warmly welcomes so many students and families to our school. Thank you, Glenda, for your dedication to our students.

Staff Retirees 2014–2015

GALEN STARK

Bus Driver — Transportation

10.6 Years

This is Galen's second retirement. He spent 28 years as a National Park Ranger and now 10 years as a bus driver. As a bus driver, Galen was quiet and unassuming, but he was always there to help out when needed. Many of his 10 years of service, Galen had perfect attendance — for which we are grateful. Galen will now focus his attention on things he really enjoys — like genealogy, environmental conservation, traveling, and many other activities. Galen, thank you for your service and commitment to duty. We wish you well in retirement.

CHRISTINE STASAK

Teacher — Wildwood Elementary

25.8 Years

By the end of this year, Chris has dedicated serving students and families for a total of 41 years. Twenty-six of those have been with Wildwood Elementary. It is great seeing her relationships and connections across multiple generations of Wildcats. Chris has been a contributing member of Wildwood's Leadership Team for more than a decade. She has also been known to tutor students after school. Chris is the epitome of example that one can never be seasoned enough as a teacher to stop learning, especially on what it takes to make a difference in student's life. She has also been known as a consummate professional who never wavered on her duty to her students, even during challenging times with her health. Her dedication and contribution to our learning community is felt by all. Thank you for your dedicated service to Puyallup students and their families, Chris.

JACQUELINE STEELE

Teacher — Hunt Elementary

35.8 Years

Jacque earned her teaching degree in 1974 from St. Paul's in Yakima. She can remember earning a whopping \$3,000 a year on her first assignment. From there, she went on to teach in a remote, 200-person community in Alaska. While in Alaska, Jacque recalls some harrowing experiences and priceless stories, like when Kushtaka (the Tlingit Indian equivalent of Sasquatch) was sighted emerging from the ice, and school was canceled for a day as a result. Jacque's career has been truly marked by adventure — from dodging chairs to jogging with wolves, and more importantly teaching children to read and think. She has done it all. She says she will miss running into her former students more than anything else. She is always mesmerized when she runs into her former, tiny third graders who have grown into 6'4" adults. As one of the teachers who opened Hunt Elementary nearly two-and-a-half decades ago, Jacque Steele has impacted a great number of students and their families. She will be missed.

Staff Retirees 2014–2015

DAVID TATE

Teacher — Rogers High School

34.8 Years

Dave has been outstanding educator for over 30 years. He has a love of English and the gift to teach like I have never seen before. Dave is passionate about teaching the writing process, and more importantly, he is passionate about teaching life lessons. His professionalism, humor, and ability to relate to young people is unmatched. Rogers High School will definitely miss David Tate. I feel honored and blessed to have worked for him.

GARY TILLOTSON

Bus Driver — Transportation

4.7 Years

Following a diverse 29-year career in the Department of Defense as a civil servant, Gary applied to become a substitute bus driver in June 2008. He became a regular bus driver in November 2010. Though Gary's time as a bus driver was short, he had perfect attendance for two of those years. Gary found great delight in making people smile by telling zany jokes. Gary now moves on to the more important things in life — spending more quality time with his wife and striving to better meet her needs. Along the way, he plans to do a little fishing and traveling. Gary, thank you for your service, and best wishes to you and your wife. We will miss your zany jokes.

LYNN WARDLE

Teacher — Emerald Ridge High School

30.4 Years

Lynn's dedication to children goes back to the time before he was a teacher. While living in Salt Lake City he worked as a therapist at Primary Children's Medical Center, and when he came to Washington he was a Respiratory Therapist at Tacoma General Hospital. He started as a substitute in our district and eventually moved to a School Management Assistant at Aylen Junior High. Lynn's next steps started him down the path of Elementary Physical Education Specialist at Spinning, Fruitland, and Waller Road elementary schools. It was not long before he was finally promoted to junior high as he returned to Aylen and continued as a P.E. Specialist. Lynn was quite the overachiever, as it only took him five years to complete junior high and move to Puyallup High School. All kidding aside, Emerald Ridge was lucky enough to add Lynn to the physical education staff where he has been committed to educating students about the benefits of exercise and healthy eating. Lynn lives what he preaches as one of the fittest and most healthy people on our staff as we often get to see the pictures of his hiking adventure. We have all benefited from his positive attitude and happy approach to life. He will be missed at Emerald Ridge!

Staff Retirees 2014–2015

THERESA WARDLE

Nurse — Aylen Junior High, Meeker and Waller Road Elementary Schools

28.7 Years

Tess attended the University of Utah in Salt Lake City on a ROTC scholarship and graduated with a BSN from the School of Nursing and as a Commissioned Officer in the United States Army in 1976. Upon graduation, Tess was assigned to Madigan Army Medical Center at Ft. Lewis, Washington. She worked ten years in Labor and Delivery, and then served in the Army Reserves until she retired with 22 years of duty. When her youngest child was in kindergarten, Tess enrolled at PLU to earn her Educational Staff Associate Certificate in School Nursing. She started her career as a school nurse in the Puyallup School District in 1987. Her husband, Lynn Wardle, is a Puyallup School District teacher and coach and is retiring this year along with Tess. Their plans for retirement include backpacking trips, family reunions, and an 18-month mission trip for their church.

SUSAN WHIPPLE

Paraeducator — Edgemont Junior High School

28 Years

Susan has served the Edgemont Junior High learning community for three short years, after spending many years at both Shaw Road and Stewart elementary schools. She is very positive and enthusiastic to both students and staff. Susan truly cares about everyone around her and is a wonderful team member. She listens closely to the students and checks back with them to see if the situation has improved. Susan is a student advocate who encourages and supports students each day. She makes connections with students and makes a positive difference in their lives. Susan's smile and hard work ethic will be missed.

SUSAN WILLIAMS

Teacher — Rogers High School

11.8 Years

For more than 10 years Sue has given to the students of the Puyallup School District. As a physical education teacher, she motivated students to succeed physically, but more importantly succeed in life. Her energy and spirit for life are contagious, and as a coach, she demanded excellence and earned the respect of her athletes. She will be greatly missed.

DOLORES WILLS

Teacher — Hunt Elementary

13.8 Years

Dolly's path to becoming an educator started in the late seventies after she graduated from George Mason University in Virginia. A devoted parent and a deeply caring individual, Dolly took some time off to focus on being a mother. She returned to the profession in 2000, and she has loved it ever since. Throughout her career, Dolly has delighted in seeing her students enter her classroom as seniors to say goodbye and thank her for helping them along the road to success. Among her fondest memories, one student returned to her classroom and played her a song on the violin. As Dolly looks back on a fulfilling career, she cherishes the multiple letters she has received from parents thanking her for instilling in their children a love for learning and a drive for success. Dolly has made life-long impacts on countless children in her career, and she will be held in the hearts of many as they progress to their goals.

Staff Retirees 2014–2015

JANET WOLCOTT

Teacher — Wildwood Elementary

20.8 Years

Janet's service to our profession, hence to future generations, spans across the globe. She has taught abroad and brings to our local community, especially to our students, a global perspective. Her relentless and dedicated drive to reach every student, no matter what the challenge entails, is inspiring to her colleagues and supervisors. Janet's positive attitude and positive presupposition of her students and their families are evident in how she works with them: with grace and a smile. She is a great model for her colleagues when it comes to perseverance and never tiring to continue to learn new strategies for the purpose of reaching each and every student. Janet is the epitome of dedication, professionalism, and positivity in our profession. Thank you for serving our Puyallup students and their families, Janet.

KAREN ZAWISLAK

Teacher — Woodland Elementary

22.6 Years

Karen began serving Puyallup students at Sunrise Elementary as a parent volunteer in 1980 and received the Golden Acorn Award that year for her dedication. As a volunteer, she was an art docent, culture study chairperson, and "Including Me" puppeteer, which taught third graders throughout the district about disabilities of some mainstreamed students. She later became a paraeducator at Sunrise Elementary, a teacher substitute, and finally a beginning teacher at Sunrise. Her career continued at Hilltop Elementary, where she was awarded both a Golden Acorn Award and an Outstanding Educator Award. She moved to Woodland Elementary in 2009 and continued to show her passion for children's picture books and using them in teaching concepts across the curriculum. She enjoys teaching art to children, and many of her students have had their art win awards at the Puyallup Fair or be posted on the district website. Karen was awarded the Teacher of the Year at Woodland in 2015. After retirement, Karen and her husband will do some camping and traveling. She is looking forward to spending more time with her family, volunteering, painting, and reading.
